

Plastic Moulded Pump Covers

Robust Plastic Moulded Base & Cover, Simple to Install to Protect Your Pump

DESIGN FEATURES:

- Designed to fit most common domestic pumps.
- Stackable design to reduce warehouse and shipping costs.
- Water resistant cooling vents, to prevent pump over.
- Easy to follow, cut and snap entry points for easy installation of pipes.
- Multiple points to secure the Pump Cover to the Polyslab base to keep it locked safely into place.
- Corrosion proof for long outdoor use.

Plastic Moulded Base

- Rated to over 120Kg.
- Easy to install and eliminates the need to use heavy and hard-to-handle concrete.
- Pump can be easily secured to the base.
- Base raises the pump safely up off the ground.
